

# GRAND OPENING *Monarch Conservation Waystation*

JOIN US | BE INSPIRED | DIG IN & PLANT WITH US!

*Bartolomeo & Perotto Butterfly Haven*  
SUNDAY, JULY 20, 1PM – 3PM

AT BARTOLOMEO & PEROTTO FUNERAL HOME  
1411 VINTAGE LANE, GREECE, NY

If you pay attention, nature teaches us incredible lessons about difficulty, change and renewal every day. Consider the caterpillar's transformation to becoming a butterfly. It parallels our own grief journeys and gives us hope for healing. This is why you see the beautiful monarch butterfly paired with our brand and messaging for Bartolomeo & Perotto Funeral Home.

The monarch butterfly is close to being added to the endangered species list. In light of this, Bartolomeo & Perotto has decided to DIG IN for a long overdue project. This summer our butterfly garden overlooking Round Pond Creek will not only be getting a facelift, but we plan to become an official Monarch Waystation and grow our conservation efforts for all butterflies and the monarch that is near and dear to our heart. We invite you to DIG IN with us!

**\*BE A PART**  
OF AN IMPORTANT GARDEN TRANSFORMATION  
AND LEARN HOW TO BE A BUTTERFLY CONSERVATIONIST!

RSVP  
- BY JULY 16 -
